

ENGLAND NETBALL SUPPORTERS CLUB

CONGRATULATIONS ENGLAND 2015 NETBALL WORLD CUP BRONZE MEDALISTS

National Anthem prior to the
England v Jamaica game for Bronze Medal

One family who will not forget their NWC2015
experience. They said
*"We had a great time, with the girls loving the whole
event. The team and managers are such great role
models to young girls"*

The England Squad came to the Supporters Party and
made everyone's day!

Message from Jade Clarke :

To our England supporters who made the trip you were truly part of our team and absolutely MADE this tournament for us. To be so loud to make us feel we were playing in front of a home crowd is no easy task but you did it. And not forgetting everyone at home I know you were screaming at the telly!

Australia and New Zealand showed their class on their journeys to the final and we were disappointing against both but you stuck with us til the end when we finally put out a performance to proud of for bronze.

Our coach Tracey, showed her incredible strength and passion for this team and her country.

THANKS TO THE "BARMY ARMY"

New friends

*This was my first time with EN Supporters Club and I had an amazing time was great to meet so many people and all sharing the same experience. **** We really did sing loud and the players could hear. I know so many individuals loved catching up with the supporters at the event so for many a great night to remember. **** Great times and met lots of red army fans and parents, thanks. **** The supporters group made a real difference. I knew when the squad walked out and immediately acknowledged and waved to supporters that they would win. **** Had an amazing time in Australia supporting the girls !*
